

## Virginia Sea Grant Summer Internship

**Applications Due February 20, 2026**

Virginia Sea Grant's Summer Internship Program offers motivated students a unique opportunity to gain real-world experience in coastal and marine science, policy, outreach, and resource management. Each summer, interns work alongside graduate students and professionals on meaningful projects that support Virginia's coastal communities, ecosystems, and industries.

Virginia Sea Grant will be offering seven different summer research internship opportunities for the 2026 season. VASG is a multidisciplinary organization and values individuals from a wide range of academic disciplines and career paths.

**Eligibility:** Students must be enrolled in an undergraduate program at a Virginia college or university. The student must have completed at least one year of study prior to the start of the internship and must be enrolled as a student throughout the duration of the project. Recent graduates (graduating May 2026 or earlier) are not eligible for this opportunity.
